

Mots en couleurs contest

From March 1 to 31, 2024, the **Language Portal of Canada** and the **Les libraires** network invite you to enter the Mots en couleurs contest!

Your class or your school could win one of two \$500 prizes to buy books.

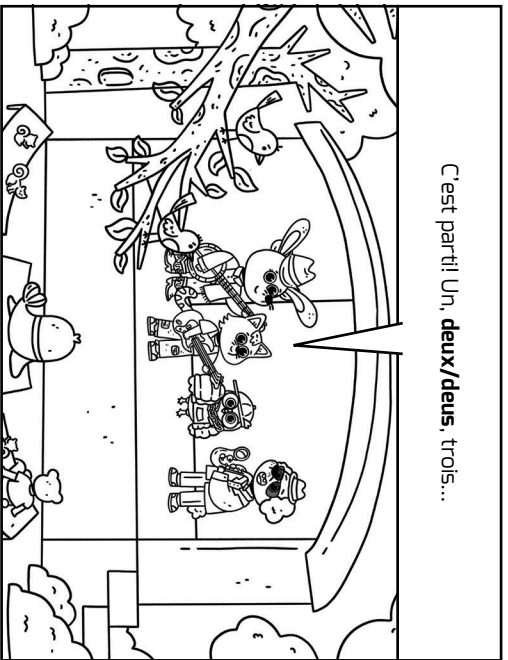

How to enter?

1. Follow the instructions given by the musicians above, and **colour the comic strip frames**.
2. You can also **circle the French word or group of words** that is written correctly in each pair.

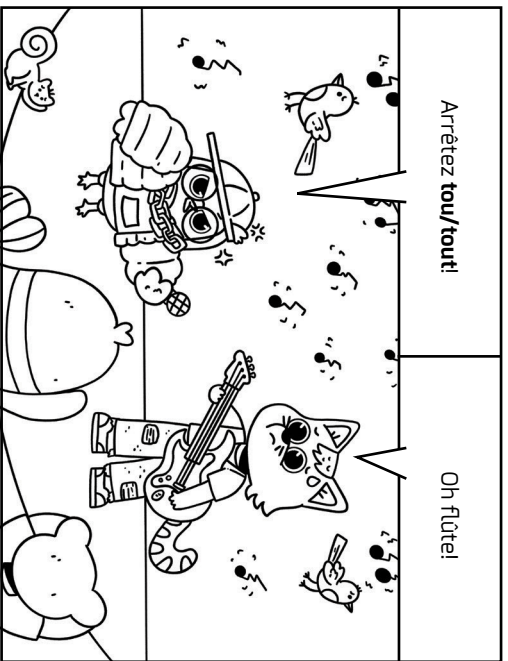

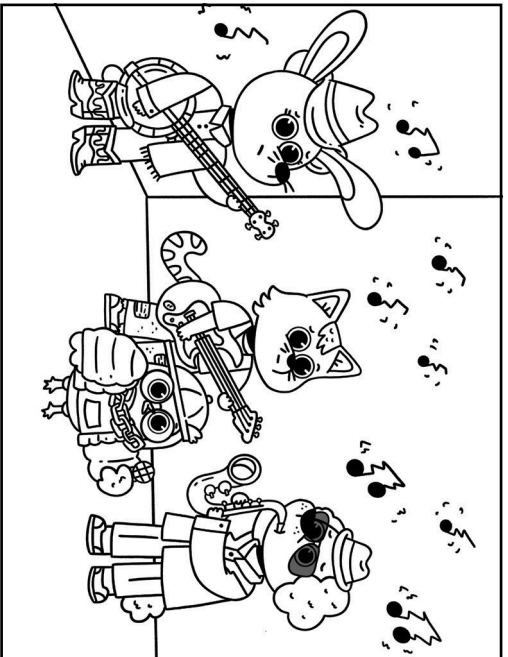

Note to teachers:

You must complete **a single entry form for all of your groups**. Every group that has completed one or more activities qualifies as one entry. Only one entry form per teacher can be submitted for the duration of the contest.
